Diplomat Kofi Atta Annan, the former Secretary General of the United Nations, has become the first renowned world leader to recognize Prophet Patrick Donald Oucha, through a popular platform known as face book.

“What a surprise! I am in receipt of face book-friend request from Diplomat Kofi Annan” says, Prophet Patrick Donald

He answered the request without hesitation and no doubts. “I checked the name Kofi Annan and in split of seconds, I made an intra-personal conclusion that Diplomat Kofi Annan was driven by Godly humility” explains, Prophet Patrick Donald.

Prophet Patrick Donald Oucha has less than 250 friends on the said platform. “I have never created time to reach out many people. It’s all about focused security management” explains, Prophet Patrick Donald

However, efforts to reach Diplomat Kofi Annan through a messenger facility were fruitless “I have tried to reach him through the messenger facility but the message

bounced, with request for address verifications” explains,
Prophet Patrick Donald

However, the Prophet describes Diplomat Kofi Annan as
“the world’s visionary leader, blessed with proven ability
to disseminate love and streamline humility
indiscriminately. He has harmonized Power, Authority,
and Influence to the best of God’s glory” says Prophet
Patrick Donald
