Your Excellency,

RE: REQUEST FOR SECURITY, LOGISTICAL SUPPORT IN THE FIGHT AGAINST TERRORISM

I am Patrick Donald Oucha, 48, Ugandan by nationality, born again Christian by faith.

I have been at the forefront of Anti-HIV/AIDS campaigns since 1994 reaching out to over 5,000 (five thousand) schools in Uganda and beyond creating awareness on the dangers of HIV/AIDS.

In 2005, I composed and registered the first ever Anti- HIV/AIDS Anthem under XCVIII, No. 15 of March, 18th 2005, the Uganda gazette. The said HIV/AIDS anthem is in circulation worldwide.

However, the Uganda government infringed on my copy rights, leading to unpredictable loss of financial resources. In a letter dated 22nd January 2013, (payment for the HIV/AIDS Anthem XCVIII. No. 15 of March 2005, the Uganda gazette). I humbly requested the government of His Excellency Yoweri Kaguta Museveni to compensate me with a token of three million USD (USD 3,000,000) only but since then, the government has kept silent. I am unable to sue Uganda government considering that the same government supported me to climb the ladder of international popularity, now being followed by 500,000 plus online visitors every 12 hours.

Since Uganda 'hijacked' my intellectual property, the drive to accelerate innovation has been distorted. My family lives in total misery and / abject poverty. I have lost both savings and investments both in and out of Uganda.

It is worthy noting that my decade's long anti-HIV/AIDS campaigns were 90% funded by my family savings. The government of Uganda only provided basic enabling climate for me to sail through the country.

I never received any funds from international and local donors. My campaigns were driven by true love for humanity, and Godly inspired focus with slogans "WHY DIE YOUNG" / "DON'T DIE YOUNG"

THE LATEST DEVELOPMENT / INNOVATIONS

I have joined the fight against terrorism with a unique and innovative technique which deserves popular global support. I have released a master piece on how terrorism should be handled in the spiritual context. The piece captioned "OUCHA NAVIGATES THE SPIRITUAL WORLD OF BLOOD THIRSTY TERRORISTS" is creating positive and crosscutting impact – worldwide.

My declaration to pursue spiritual innovations against terrorism has put my entire family and dependants at upper risk, which can only be described at different platform.

Please log on www.safelifeuganda.org for more of my global/international work.

MY HUMBLE REQUEST FROM THE AMERICAN PEOPLE:

Through the good office of his Excellency Barak Obama, I would request the USA people to help me out with the under listed items.

- a) A shelter for my family with state of the art security items such as CCTV. The said home should be in Uganda preferably.
- b) The USA should help educate / sponsor my two children and five dependants.
- c) The USA should provide me with reliable source of transport and other related facilitation.
- d) The USA should design terms and conditions on how I may keep innovations flowing in the war against terrorism.
- e) The USA should provide my family with medical insurance.

PERSONAL CONFIDENCE

I am sure that with the backing of the USA, I will be able to generate more working/original/authentic documents against the scourge of terror that would save lives of millions to the pride of the USA and her allies in the fight against terrorism. My name Patrick Donald Oucha is strictly associated with proven success and ability to propel innovations worldwide.

SUMMARY

I do strongly believe that a multi sectoral approach in the war against terrorism will yield positive results. Your kind, timely, and positive response to my request will trigger the right spiritual blow against terrorism.

I patiently wait to hear from you.

GOD BLESS AMERICA

Thank you.
