The world renowned HIV/AIDS activist cum composer HIV/AIDS anthem, Prophet Patrick Donald Oucha, has hailed the management of Mother Majeri Day and Boarding Primary School for putting in place high quality and affordable educational services in Uganda – Africa.

“I feel humbled, confident and proud to associate with Mother Majeri Primary School. The school provides great opportunity to witness sustainable growth and development in Africa” says, Prophet Patrick Donald Oucha.

THE ESTABLISHMENT

A combination of high demand for early child development facilities and short supplies of such facilities in Wakiso District 2002, low levels of literacy, community moral support and rapidly changing technology - driven world; propelled Mother Majeri Company Limited, to commit hard earned financial resources and scarce quality time towards establishment of the Now famous Mother Majeri Day and Boarding Primary School, located about seven (7) minutes drive from the Nelson Mandela National stadium, Namboole in Wakiso District, Uganda – Africa.

The school occupies its own land estimated at 15 acres (120 plots), a situation that has empowered the growth and development of modern school facilities not limited to spacious dormitories, classroom blocks and ICT block.

Mother Majeri Day and Boarding Primary School has about 2150 (two thousand one hundred and fifty) learners on record, of which one thousand commute from home; a positive challenge which encouraged the management to procure six (6) executive buses tasked with the promotion of child safety on board, reliable pick and drop arrangement and affordable non-for-profit fares.

“Some wealthy uneducated people are in the sector for wrong reasons. They are focused on making abnormal profits at the cost of killing required levels of professionalism in the sector”

Looking tough on the matter, Mr. Basembeza explains,

“Some school proprietors want to be everything from classroom teacher, school cook, and director of studies.....No, No, it does not work that way”.
