SPIRIT REALM ANALYSIS

Religious Leaders should unite to protect the **ISLAMIC FAITH** that has senselessly come under torture by people who do not understand God on the one part and misinterpret his word uncontrollably. The **so-called terrorists** are like lost children who have not had the opportunity to internalize the righteousness of God; they deserve appropriate spiritual Guidance to restore the right vehicle of **TRUTH**.... When you fight a lost child without appropriate techniques; you might end up fighting **God the Creator** of such Human Persons.

War on the so-called terrorists must have a large share of spiritual formation than military hardware, more life savings than indiscriminate loss of lives.

Religious Leaders should provide reasonable guidance to political leaders on how best to handle **Spiritual issues** that have claimed unspecified number of innocent lives, destroyed property and other **valuables worldwide**.

Religious Leaders and Political Leaders should put in place **AMNESTY** to all persons considered terrorists to surrender under programs not limited to **REHABILITATION, REINTERGRATION, RESETTLEMENT & RECONCILIATION**.

The world **MUST** understand that **WAR, DEATH**... have no adequate facilities to solve problem(s) authored by **LIFE**... Death of a prominent personality(s) would lead to more deaths of innocent lives, Destructions, Theft, Displacements & Huge Refugee flights across the World.

Finally, those involved in the war against terrorism will be viewed as mere **'Thieves'** and/or **'Opportunists'** [Read **John 10:10**] No matter whether you had joined the war in the name of Humanitarian Rescue.

In the premise, the so-called terrorists are viewed as lost children who must come out of their hide-outs, be taught the Goodness of **PEACE**, the outcome of **FORGIVENESS**, the calmness of **TOLERENCE**, the reward of **MERCY** & the **JOY** of **ONENESS**.

GOD BLESS THE WORLD.
