*By Special Life Team*

*in Africa.*

Popular community support and excellent academic performance of a privately owned Nursery and Primary school named; NEW HORMISDALLEN DAY & BOARDING NURSERY & PRIMARY SCHOOL Limited; Empowered our community friendly Team to herein serve some vital information pertaining its (New Hormisdallen) rapid Growth, Development, Influence and Admiration.

New Hormisdallen was officially Registered in the Republic of Uganda, on the 24<sup>th</sup> day of May 2005. The vision bearer(s) cum Managing Director

The establishment ranks high among vibrant educational facilities in Africa; where privately owned initiatives and Non- Government Organizations struggle to sustain Growth and Development. Negative forces such as high rental fees, Employment related cases, rampant loss of focus; have arguably pushed most initiatives to stagnation and / or Non-performance.

However, New Hormisdallen Day and Boarding Primary School Establishment has transformed many challenges into praiseworthy opportunities.

The Establishment provides affordable and high quality educational services with focus on the Holistic Development of learners and promotion of an equal employment opportunity.

The vision bearer(s) **Ms. Nalubowa Deborah** has inbuilt drive to eradicate poverty through sensitization of learners on the dangers of poverty and how to guard against the Agents of poverty. She advocates self reliance strategy and seek for durable solutions through pocket friendly-educational services.

On the other hand, combination of high demand for early childhood development facilities and limited supply of such facilities in Uganda 2005, low levels of literacy, good government policies, and rapidly changing technology-driven world empowered the vision bearer(s) to commit hard earned financial resources and scarce quality time towards the formation and establishment of New Hormisdallen Day and Boarding Primary School Limited.
