

THERESA MARY MAY
Prime Minister Of The United Kingdom

warns

prominent world leaders against Indirect empowerment of terrorism & incitement of Communities.

"World leaders must use peace - friendly dictions to promise Life, Hope, Light, Love, Mercy, forgiveness, empathy, togetherness... even when situation is critical"

"Every leader should learn how to manage the unpredictable emotional twists sparked by change in terror tactics"

The Mention:

'Enough is Enough' signals complete weakness in leadership NOT strength.

It sets room for mysterious Spiritual reaction not limited to fire, force & maneuver.

Communities should not be Indirectly empowered to revenge ...

"Religious ONENESS is all we Crave - Worldwide"

Prophet Patrick Donald

Ephesians 6:10-20, John 10:10, Psalms 133, Psalms 91, Psalms 121, Isaiah 54:17
