HOPE OF DESTINY NURSERY AND PRIMARY SCHOOL ESTABLISHMENT, UGANDA-AFRICA

By Special Life Team

In Africa

02/Feb/2018

The growth and development of some privately owned educational facilities would largely reveal the joy, pain, stress and necessary efforts required to keep a school; visible, relevant and vibrant.

Every school establishment has unique background, strengths, weaknesses, threats and opportunities at hand.

The Vision bearer(s)/founder/proprietor of a school establishment has the shape and the road map of such a school; inside his/her subconscious mind. His/her vision should always be protected, guided, empowered and embraced for the good of the establishment. The Vision Bearer(s) should also appreciate and respect opinion(s) of professionals hired to boost the life-energy of the school establishment.

Most of Africa's privately owned school establishments have been hit by stagnation, frustration and /or shut down due to lack of harmony between the Vision Bearer(s) and hired professionals serving as employees.

Hope of Destiny Nursery and primary school establishment was positively empowered and propelled by the good relations between the Vision Bearer(s) and the technical officials hired to manage structures and systems put in place.

We are privileged to serve in bits and pices the pain, joy, stress and necessary efforts invested within 13 years (2004-2018) to make the name HOPE OF DESTINY NURSERY AND PRIMARY SCHOOL ESTABLISHMENT praise worthy. The Vision Bearer Bishop Mugoba Nsonga James spent thirteen years fixing the bits and pices required to facilitate smooth operations of a modern early childhood development facility in Uganda Africa.

LOCATION:

HOPE OF DESTINY NURSERY AND PRIMARY SCHOOL ESTABLISHMENT is located about 8 minutes walk from the famous Mandela National Stadium-Namboole. The school has a permanent home right at the centre of Namataba zone, Kira municipality, Wakiso District. A branch facility was created in Bujanko Island, Mpigi District, Uganda; to serve 210 learners as recorded in 2018.

FORMATION:

The Vision Bearer(s) Bishop Mugoba Nsonga James had an intra-personal preparedness to serve others. He was refined by early childhood challenges that shaped his mind to promote self-reliance strategy. The pain of growing up without a clear source of income support transformed Bishop Mugoba Nsonga James to develop a true love for humanity. He chose educational investments over other investment opportunities. His mind was tuned to promote quality and affordable educational services in Africa. His special calling was proudly embraced by family members and close associates. He first initiated the Kirinya Community Nursery School but later dropped the name in favour of HOPE OF DESTINY NURSERY AND PRIMARY SCHOOL ESTABLISHMENT.

Additionally, the combination of high demand for early childhood development facilities and limited supply of such facilities in Wakiso District 2004, low levels of Literacy, good government policies and Rapidly changing Technology-Driven world empowered the vision Bearer, Bishop Mugoba Nsonga James and Mrs. Mable Mugoba Nsonga to commit hard earned financial resources towards the formation of HOPE OF DESTINY NURSERY AND PRIMARY SCHOOL. They were proudly joined by a vibrant team of mainly learned family members to step-up support for the growth and development of the school. Those who joined were;

1. Mrs. Deborah Mbabazi Mukiibi
2. Mrs. Sanyo Margaret Konde
3. Mr. Deo Mugoba Nsonga

Email: hopeofdestinypri@gmail.com / bishopmugoba@gmail.com

4. Mr.Asaphu Buyinza and Bishop Kigundu Moses, all the mentioned persons participate in the development of the school directly or indirectly. It's worth noting that the spirit of oneness, togetherness, and team work; propelled the growth and development of the school for the last 13 years (2004-2018) with a remarkable acquisition of school property estimated at about UGX.500 million(USD.142,857) and other Assets.

SCHOOL MISSION

Giving new hope of destiny to the young generation.

SCHOOL VISION

Raising God fearing learners and skillful generation through holistic educational programs.

SCHOOL MOTTO

The school motto is "In God we trust"

UNIQUENESS

The school is strictly focused on uplifting the most disadvantaged and underprivileged children. Most of the pupils are orphans, abandoned children and those from poor families within cross-cutting communities. The school prepared for 13years to create foundation for durable educational investments in Africa. It has acquired fixed Assets such as Real estate and others.

LEGAL STATUS

The school has since been issued with a temporary permit in accordance with section 31/32 of the Education Act 2008, under license No. MOES/ECD/N/D/2018/L037 (January 12, 2018-January 12, 2020). However, the school has acquired its own

Email:hopeofdestinypri@gmail.com/bishopmugoba@gmail.com

permanent physical address; a development that would enable the authorities to issue a durable operational permit.

SCHOOL FACILITIES

The school is developing two modern flats to create more classrooms and teacher's quarters. Once complete, the facilities would accommodate between 700-800 learners.

THE SECURITY

The school security is reasonably tight. Every visitor is issued with a visitors' book to sign on arrival at the school.

INTERNATIONAL RELATIONS

The school has friends in the United States of America and Norway. Efforts are continuous to update the friendship data bank locally and globally.

POSITIVE CHALLENGE

The school has limited space to meet future demands and opportunities. The branch facility is spacious but too far from the vibrant city.

THE SCHOOL COMMUNITY

The main school has 120 learners, 10 teachers and 10 support staff. The branch facility has 210 learners. The community enjoys friendly neighborhood blessed with nationalities from across Africa and beyond.

SANITATION COVERAGE

The school sanitation coverage is at about 65%. More facilities are being developed to improve the sanitation as more learners come/join.

Email: hopeofdestinypri@gmail.com / bishopmugoba@gmail.com

POWER SUPPLY AND FUEL

The school receives power supply from the National Grid, providing constant energy to run the school establishment. Standby generators are not in place. Wood fuel is the main source of energy used for cooking.

SCHOOL INSPECTION

The school is routinely inspected by the inspectors of schools from the District. Construction works are inspected by engineers from the municipal council.

ADMISSION PROCEDURE

The school has developed a standard application form for the primary section. Parents are required to fill. No interviews are carried out; but children are assessed in classroom for a period of one week then placed in the right class for the right attention.

CURRICULUM

The school follows the Uganda National School syllabus and covers a wide range of National, regional and international studies. English is the main medium of instruction. The school is yet developing other outside classroom activities such as; football, athletics etc.

HEADTEACHER'S REMARKS.

"We have a bright future. We are doing everything possible to provide good quality and affordable educational service for communities" explains Mrs.Akisa Santa Moses, the school headteacher.

BRIEF ABOUT THE VISION BEARER

Bishop Mugoba Nsonga James is a refined/transformed personality mentored by early childhood challenges.

Email:hopeofdestinypri@gmail.com/bishopmugoba@gmail.com
